

Volunteer for nature

Biodiversity matters. Let's save it.

At ONet, we help you – everyone – access science on biodiversity: the state of biodiversity, what it means, and our options to protect it. We also make sure that your voice for nature is heard by 140+ governments.

To do that, we need your help:

from just 5 hours a month, anywhere in the world.

onet.ipbes.net/volunteering2024

Volunteer for nature

Citizens, conservationists, communities, and organisations need highest-quality information on biodiversity. You can help them get it – in just 5 hours a month.

Join the ONet facilitation team as a **Newsletter Manager:**

- beginners and experts welcome.
- available remotely and worldwide.
- join a small and motivated team.
