Our Objectives

Enhance the contributions of the social sciences and humanities in IPBES by:

Engaging a broader spectrum of SSH disciplines and approaches in IPBES.

Attracting more SSH expert nominations for IPBES assessments.

Facilitating other engagements with IPBES from SSH scholars.

Improving the integration of SSH knowledge and perspectives within IPBES structures, processes and outputs.

Functioning as a meeting place for SSH scholars engaged in IPBES, interested in IPBES, or having IPBES as a study object.

Our Activities:

- webinar series
- workshops
- writing papers
- communication + more
